

2011 Musto Performance Skiff World Championships Homestay Program

To make it easier to plan your stay in Melbourne, we have put together an accommodation program with the assistance and hospitality of yacht club members and local residents.

The Homestay program is essentially a bed and breakfast arrangement where sailors are accommodated in the home of a local resident rather than staying in a hotel or motel. The cost is very reasonable and accommodation is close to the Black Rock Yacht Club.

Once you have submitted your form we will match your requirements with a suitable homestay provider. When a suitable homestay host has been found you will be notified as soon as possible. You will be provided with direct contact details for the homestay host in order to book in and confirm the duration and cost of your stay.

For Sailors:

If you prefer the atmosphere of a private home and would like to register for homestay accommodation please complete the Guest Application Form below and submit it to Black Rock Yacht Club

e-mail: bryc_hmb@bigpond.net.au or

fax: + 61 3 9521 0363

At this time we will accept application forms from competitors wishing to be involved with the Homestay Program, you may not hear from us for a few months, but be assured that we will match a host for you closer to the start of the Regatta in January 2011.

For Hosts:

Do you have a spare room, bungalow or maybe a unit near Black Rock Yacht Club that would be available for one or two weeks between 7th – 16th January 2011? We are seeking host families for international competitors taking part in this world class sailing event.

Many locals in the Bayside area and around Port Phillip Bay have greatly enjoyed their involvement with the program in previous years and we encourage you to join the fun – see the quote below! If you are interested then please download the Host Application Form below, fill it in and return it to Black Rock Yacht Club

e-mail: bryc_hmb@bigpond.net.au or

fax: + 61 3 9521 0363

We will give you every level of support to make it run very easily, we'll come and chat with you beforehand, we'll give you the opportunity to contact the sailors before they arrive and we'll give you the paper work to secure the arrangements. If you have any questions then please contact us and explain how things work.

"With lots of empty bedrooms thanks to kids working overseas I decided to become involved in the Sail Melbourne 'Homestay' program and what a great decision that was. I was lucky enough to host the Greek junior team, two bronzed lads and their coach descended upon my home and two weeks of great fun commenced. For me it was great to have the house hum again, to make friends whom I can catch up with when I go to Europe and to gain an appreciation of yet another culture."

Anne Forsyth, Sandringham resident and Homestay host
